- Dealer Inquiries Welcome -

Profile Packer

Handy Hitch Mfg., Inc.™
is pleased to announce the
addition of its 90" and 120"
Profile Packer to its line of
grader mounted Packer/Rollers.

- New patent pending design.
- Lightest, most versatile Grader mounted Packer on the market.
- Attaches directly to Grader or Ripper Bar.
- 24" Offset package now comes as standard.
- Independent pivot points allow 100% contact to the contour of the road.
- 14 Ply smooth roller tires mounted on 6000lb spindle and hub assemblies.
- Standard hydraulic pressure relief system for added control and shock absorption.
- Demonstrations available upon request.
